

ROCK CYCLE WORD WEB

Directions: You are to take the words below, group them according to the three types of rocks we study in the rock cycle and then create a word web (in Keynote) to help you organize the terms that we have learned in our Rock Cycle Unit. Make this poster look good, images, colors, shapes will help make your word web pop.

Heat/Melting and Cooling
Cementation/Compaction
Extreme Heat and Pressure
Igneous
Sedimentary
Metamorphic
Intrusive
Extrusive
Large Crystals
Small Crystals
Porphyritic
Clastic Sedimentary
Chemical Sedimentary
Organic Sedimentary
Conglomerate
Sandstone
Shale
Contact Metamorphism
Regional Metamorphism
Foliated
Nonfoliated
